Editorial

This Newsletter releases details of the research and findings contained in the Editor's Phonecard Investigative Reports as follows;

- PIR 056 Rev - Telstra Magnetic Phonecard Prefix 1506, 1507, 1508 and 1517 Investigation - Telstra Cup, Super League Phonecards, and
- PPIR 042 Rev - Telstra Smart Phonecard Folder - The Smart Phonecard Telstra Staff Special Edition Folder

From the Mappings of the Super League Phonecards presented in this Newsletter, it can be readily seen that Telstra had defined quantities, serial number ranges and whether the phonecards within specified ranges were to be mixed or not. For example, in relation to the Prefix 1506 Phonecards that Leigh-Mardon were to produce, Telstra would have precisely specified these details for the production of;

- 25,000 Steve Renouf Phonecards, and Serially Numbering;
 - 24,000 of them from 1506 00000 to 1506 23999, and
 - the remaining 1,000 of them from 1506 95000 to 1506 95999
- 5,000 Reggie Cresbrook, 15,000 Nathan Long, 7,000 Craig Gower and 6,000 Solomon Houmono Phonecards, and then;
 - randomly mixing 4,000 of the Reggie Cresbrook, 14,000 of the Nathan Long, 6,000 Craig Gower, and 5,000 of the Solomon Houmono Phonecards, before Serially Number them from 1506 63000 to 1506 91999,
 - Serially Numbering the remaining 1,000 Reggie Cresbrook Phonecards from 1506 96000 to 1506 96999,
 - Serially Numbering the remaining 1,000 Nathan Long Phonecards from 1506 97000 to 1506 97999,
 - Serially Numbering the remaining 1,000 Craig Gower Phonecards from 1506 98000 to 1506 98999, and
 - Serially Numbering the remaining 1,000 Solomon Houmono Phonecards from 1506 99000 to 1506 99999

Telstra repeated this detailed specification process on the other Prefix 1506 Placard produced phonecards, as well as the Prefix 1507, 1508 and 1517 Phonecards, as can be seen in their Prefix Mappings in this Newsletter..

An issue dealt with, in The Smart Phonecard Telstra Staff Special Edition Folder article, is the uncertainty that previously has occurred as to whether there were 5,000 or 10,000 of these Prefix 1551 \$5 Burra Homestead Cards produced, or issued. This uncertainty can be mitigated in this case by a simple probability analysis based upon the Prefix 1551 Phonecards so far sighted. In this case with 27 of these phonecards presently sighted, and all with serial numbers below 1551 05000, the probability is shown to be less than 1 in a 100 million that there were 10,000 of these phonecards issued.

Therefore it would be greatly appreciated if any reader of this Newsletter who has a Prefix 1551 \$5 Burra Homestead Phonecard with a Serial Number above 1551 04999, could please send an image of the back of it to either the Editor at phonecardcollectornewsletter@gmail.com, or to Bruce Sergent at bsergent@iinet.net.au.

Kevin Harris's 2015 Email re Quantities of the Various Telstra Super League Phonecards

Part of an email dated 14th March 2015 related to the Telstra Super League Phonecards from Kevin Harris (RIP) to Bruce Sergent is shown below. This email was forwarded to the Editor on the 27 January 2025 by Bruce Sergent when he was asked from where he got the Quantities of the Telstra Super League Phonecards shown on his Website.

Hi Bruce,

I decided to break my pattern and give you some more important stuff by going through the 1500s where you have lots of uncertain question marks. I am basing my numbers on two sources, one from NSW and one from Tasmania, both of which I trust. They both agree with each other except for one card, but that may be the result of both using the same original source. I have avoided the Cambodian cards as I don't trust anybody's numbers on these. Here goes:

1506 Superleague

Steve Renouf 25000
Reggie Cresbrook 5000
Nathan Long 15000
Craig Gower 7000
Solomon Houmono 6000
David Furner 25000
Mark Ellis 10000
Robbie McCormack 7000 All makes a nice even 100000

1507 Superleague

Wendell Sailor 20000
Allan Langer 20000
Paul Green 10000
Dean Treister 10000 (may include some of those on 1508; I have no idea)
Steve Walters ???????????
Bradley Clyde 20000
Laurie Daley 20000 Again, a nice even 100000

1508 Superleague

Dean Treister ???????????
Steve Walters 6000 (may include some of those on 1507)
Ian Roberts 6000
Ryan girdler 6000
Greg Alexander 6000
Hazem el Mazri 6000
Simon Gillies 6000
Steve Kearney 15000
Matthew Ridge 15000
Noel Goldthorpe 7000
Tony Iro 7000 Makes a nice even 80000

The neat total figures suggest to me that Walters and Treister are each being counted only once, but how many are in either batch is mysterious and will probably remain so forever.

1517 Superleague

Each of the six cards: 2000

Other Articles on the Telstra Super League Phonecards

The Editor produced The Melbourne Phonecard Club (MPC) Newsletters Editions Nos. 390 May 2025, 391 June 2025, and 392 July 2025 which dealt with the Telstra Super League Phonecards, and provided details on the Prefix Listing for the Prefix 1506 Phonecards. However, at that time, there was not sufficient data collected to provide Prefix Listing details for Prefixes 1507 and 1508, nor images of the Prefix 1506, 1507, 1508 or 1517 Phonecards that defined, or were close to, the transition points that identified the different ranges of the phonecards within these prefixes.

The Telstra Super League Phonecards in Both Prefix 1507 and 1508.

Another factor considered relevant to the Groupings of these Telstra Super League Phonecards, that had not previously been identified, prior to the issue of the MPC Newsletters cited at the bottom of the previous page, was that there were two (2) different Phonecard Manufactures of them, Leigh-Mardon and Placard. The actual manufacturer of any of these phonecards could be readily identified by the formatting and details on the backs of them as described below.

Leigh-Mardon Super League Phonecards	Placard Super League Phonecards
NOTE: The Leigh-Mardon Super League Phonecards have on their backs; • a Low and Narrow \$ Value, and that • the \$10 Phonecard states "it contains \$10.40 worth of calls".	NOTE: The Placard Super League Phonecards have on their backs; • a High and Wide \$ Value, and that • the \$10 Phonecard states "it contains \$10.00 worth of calls".

Table of Telstra Super League Phonecard Details in Telstra Phonecard Set Number Sequence for 1997.

The Table below shows the Telstra Super League Phonecard details that were in the Sergeant Website Prefix Listing on the 4th April 2018, as shown on page 6, but set out in accordance with Telstra's "Phonecard Set No." and "Set Card No." sequencing order. In the Table below it can be clearly seen, in relation to the Prefix 1507 and 1508 Phonecards, that for any given "Team Name", the "Quantity" of each of the two (2) different "Player Name" \$10 Phonecards was equal.

Furthermore, it can be seen that Leigh-Mardon had included a number of boxes between 1 and 5 of their Dean Treister Phonecards into their Phonecards to be Serially Numbered with Prefix 1508, and the same number of boxes of their Steve Walters Phonecards into their Phonecards to be Serially Numbered with Prefix 1507, where each of these boxes contained 1,000 Phonecards. Therefore the quantity of each of these phonecards (X) could have been X = 1,000, 2,000, 3,000, 4,000 or 5000.

These quantities are exactly the same as was provided by Kevin Harris (RIP) to Bruce Sargent in 2015 as shown on Page 5 of this Newsletter as well as below. Furthermore the numbers of each of these phonecard have also resulted with the transition points between the Leigh-Mardon and Placard Phonecards occurring at the points found in the **Prefix 1506 Mapping Table** on page 9 above. This would indicate that probably these Prefix 1506 phonecard quantities originated from someone who had access to this information.

1506 Superleague
Steve Renouf 25000
Reggie Cresbrook 5000
Nathan Long 15000
Craig Gower 7000
Solomon Houmono 6000
David Furner 25000

2.2.2 Summary of the Data in the Prefix 1507 Mapping Table

No Phonecard has been sighted yet for both Subprefix 35 and 36 to clearly prove the location of the transition point between the Placard and Leigh-Mardon Phonecards. Therefore, in order to provide a Prefix Listing pending the sighting of both a Subprefix 35 and 36 Phonecard, the Editor has chosen the location of the transition point based upon there being an equal number of 1000s of the Placard - Bradley Clyde, and Laurie Daley Phonecards, which consequently would make the transition point occur at S/No. 1507 35999 for the Placard Phonecards resulting in 18,000 of each of the Bradley Clyde and Laurie Daley Phonecards. Then adding the 1,000 of each of these Phonecards in the S/No. Range of 1507 94000 to 1507 95999 for the two (2) Telstra Phonecard Collector Service Bradley Clyde and Laurie Daley Phonecards, gives a total of 19,000 of each of these Phonecards. This differs by only 1,000 from the quantity of 20,000 of each of the Bradley Clyde and Laurie Daley Phonecards that was provided by Kevin Harris (RIP) to Bruce Sergent in 2015 as shown on Page 5 of this Newsletter, as well as below.

Consequently, this then results in there being 56,000 Leigh-Mardon Phonecards in the S/No. Range of 1507 36000 to 1507 93999. Then adding the 1,000 for each of the four (4) Leigh-Mardon Phonecards in the S/No. Range of 1507 96000 to 1507 99999 for the Telstra Phonecard Collector Service Wendell Sailor, Allan Langer, Paul Green and Dean Treister Phonecards, gives a total of 62,000 for these Phonecards, which is 2,000 higher than the total of these Phonecards that was provided by Kevin Harris (RIP) to Bruce Sergent in 2015 as shown on Page 5 of this Newsletter, as well as below. Therefore the Editor has decided to increase the Wendell Sailor and Allan Langer Phonecard quantities by 1,000 each to 21,000 of each to give a total of 100,000 Prefix 1507 Phonecards. Hence this 21,000 for each of the Wendell Sailor, Allan Langer Cards only differs by 1,000 from the quantity of 20,000 of each of the Wendell Sailor and Allan Langer Phonecards that was provided by Kevin Harris (RIP) to Bruce Sergent in 2015 as shown on Page 5 of this Newsletter, as well as below.

1507 Superleague	
Wendell Sailor 20000	} NOTE: The Steve Walters card should have only been in Prefix 1508 and not in Prefix 1507
Allan Langer 20000	
Paul Green 10000	
Dean Treister 10000)	
Steve Walters???????????	
Bradley Clyde 20000	
Laurie Daley 20000	

Therefore the total quantities of each of the Telstra Super League Phonecards in the Prefix 1507 Mapping Table on page 13 above are as follows;

- Bradley Clyde has **19,000?** consisting of **18,000?** in the Prefix Range 150700000-150735999? plus **1,000** in the Prefix Range 150794000-150794999,
- Laurie Daley has **19,000?** consisting of **18,000?** in the Prefix Range 150700000-150735999? plus **1,000** in the Prefix Range 150795000-150795999,
- Wendell Sailor has **21,000?** consisting of **20,000?** in the Prefix Range 150736000?-150793999 plus **1,000** in the Prefix Range 150796000-150796999,
- Allan Langer has **21,000?** consisting of **20,000?** in the Prefix Range 150736000?-150793999 plus **1,000** in the Prefix Range 150797000-150797999,
- Paul Green has **10,000** consisting of **9,000** in the Prefix Range 150736000?-150793999 plus **1,000** in the Prefix Range 150798000-150798999,
- Dean Treister has **10,000 - X** consisting of **9,000 - X** in the Prefix Range 150736000?-150793999 plus **1,000** in the Prefix Range 150799000-150799999, and
- Steve Walters has **X** consisting of only **X** in the Prefix Range 150736000?-150793999

NOTE: X has been assumed to equal 3,000 for the Prefix Listings until proven otherwise.

Therefore the resulting Prefix Range order of the Phonecards in the Prefix 1507 Mapping Table on page 13 above is as shown in the table below.

2.3.2 Summary of the Data in the Prefix 1508 Mapping Table

No Phonecard has been sighted yet for Subprefix 38 to clearly prove the location of the transition point between the Placard and Leigh-Mardon Phonecards. Therefore, in order to provide a Prefix Listing pending the sighting of a Subprefix 38 Phonecard, the Editor has chosen the location of the transition point based upon there being an equal number of 1000s of the Placard - Steve Kearney, and Mathew Ridge Phonecards as well as an equal number of 1,000s of the Noel Goldthorpe and Tony Iro Phonecards, which consequently would make the transition point occur at S/No. 1508 37999 for the Placard Phonecards as the total number of phonecards in this Placard Range is 38,000 which is an even number of 1,000s of phonecards. Then adding the 1,000 of each of these Phonecards in the S/No. Range of 1508 90000 to 1508 93999 for the two (4) Telstra Phonecard Collector Service Steve Kearney, Mathew Ridge, Noel Goldthorpe and Tony Iro Phonecards gives a total of 42,000 Placard Phonecards. This is 2,000 lower than the total quantity of 44,000 of the Steve Kearney, Mathew Ridge, Noel Goldthorpe and Tony Iro Phonecards that was provided by Kevin Harris (RIP) to Bruce Sergeant in 2015 as shown on Page 5 of this Newsletter, as well as below. Therefore the Editor has decided to reduce only the quantity of both the Steve Kearney, Mathew Ridge Phonecards by 1,000 to 14,000 for each phonecard.

Consequently, this then results in there being 32,000 Leigh-Mardon Phonecards in the S/No. Range of 1508 38000 to 1507 69999. Then adding the 1,000 for each of the six (6) Leigh-Mardon Phonecards in the S/No. Range of 1508 94000 to 1508 99999 for the Telstra Phonecard Collector Service Steve Walters, Ian Roberts, Ryan Girdler, Greg Alexander, Hazem El Masri, and Simon Gillies Phonecards gives a total of 38,000 Leigh-Mardon Phonecards, which is 2,000 higher than the total of these Phonecards that was provided by Kevin Harris (RIP) to Bruce Sergeant in 2015 as shown on Page 5 of this Newsletter, as well as below. Therefore the Editor has decided to increase the Steve Walters and Ian Roberts Phonecard quantities by 1,000 each to 7,000 of each to give a total of 80,000 Prefix 1508 Phonecards. Hence this 7,000 for each of the Steve Walters, and Ian Roberts Cards only differs by 1,000 from the quantity of 6,000 of each of the Steve Walters, and Ian Roberts Phonecards that was provided by Kevin Harris (RIP) to Bruce Sergeant in 2015 as shown on Page 5 of this Newsletter, as well as below.

Furthermore, It is worth noting that the total of 80,000 of these Prefix 1508 Phonecards that was provided by Kevin Harris (RIP) to Bruce Sergeant in 2015 as shown on Page 5, appears to be confirmed by the Results of **the Prefix 1508 Mapping Table** on page 17 above, and the **Resultant Prefix 1508 Telstra Super League Phonecards Prefix Listing** provided below.

The Burra Homestead Phonecard and Smart Phonecard Folder Telstra Staff Special Edition Pack

1. Background

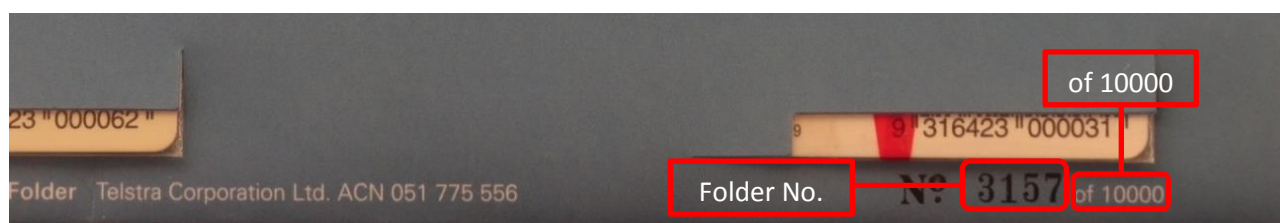

These Folders were released in August 1997 with only the \$5 Burra Homestead, South Australia, the \$10 Rain Forest, Tasmania, and \$20 Devil's Marbles, Northern Territory Smart Phonecards at a cost of \$45 each. Subsequently released in a Generic Phonecard Collector Service Pack, were; the \$5 Burra Homestead Prefix 1551 Magnetic Phonecard, and the \$5 Pinnacles, Western Australia, the \$5 Sydney Harbour, New South Wales, the \$5 High Court, Australian National Territory, the \$5 Great Barrier Reef, Queensland, and the \$5 Brighton Beach, Victoria Smart Phonecards, at a cost of \$40 each for those who previously purchased a Smart Phonecard Telstra Staff Special Edition Folder (Please refer to Telstra Brochure in Attachment 2 on page 43 of this Newsletter). These Folders could only be purchased by Telstra Staff members.

This is the Folder that contains the Prefix 1551 \$5 Burra Homestead Magnetic Phonecard, as shown below, and on this folder it is stated that "... a unique magnetic strip replica of the first Smart Phonecard has been especially produced for Telstra staff ..." and that it "... will be the last magnetic strip Phonecard ever released making it a valuable collector's item." The Smart Phonecards in these Folders are the standard National Issue Smart Phonecards as shown in **The Telstra Smart Phonecards in Telstra Staff Special Edition Smart Phonecard Folder No. 3157** on page 28 below.

Each Folder Number was matched to both its \$5 Burra Homestead Anritsu Magnetic Phonecard Card Number, and its Certificate of Authenticity Number. For example, Folder No. **3157** contains Prefix **1551** Phonecard Serial No. 1551 **03157** and Certificate of Authenticity No. **3157** as shown below. On the back of these Folders and on their Certificates of Authenticity it is indicated that there were a total of 10,000 of these folders produced.

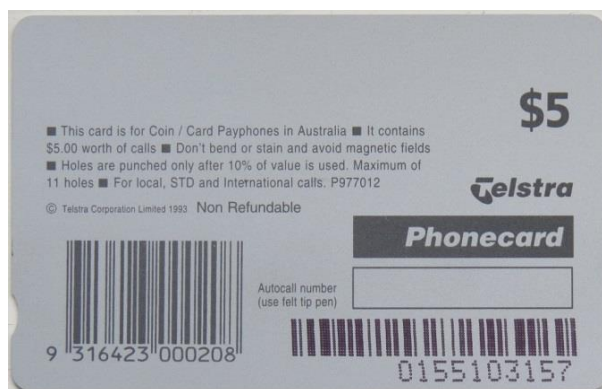

Matching Certificate of Authenticity No. 3157 and Phonecard Card No. 3157

Matching Folder No. 3157

Furthermore, it is believed that most of these folders were not sold, and that both the Folders and the \$5 Burra Homestead Magnetic Phonecards in the unsold folders were destroyed by Telstra.

The Telstra Magnetic Prefix 1551 Phonecard from Folder No. 3157 is shown below.

Quantity of the \$5 Burra Homestead Prefix 1551 Magnetic Phonecards

Contrary to the backs of the Smart Phonecard Telstra Staff Special Edition Folders, and their Certificates of Authenticity indicating that there were 10,000 of the Prefix 1551 \$5 Burra Homestead Magnetic Phonecard, the Glenn Bellamy 2000 Prefix Listing, page 131, as shown below, shows that there were only 5,000 of these Magnetic Burra Homestead Phonecards produced.

PREFIX No.	CAT. No.	VALUE	DESCRIPTION	CODE No	ISSUE DATE	MINTAGE
1551	577	\$5	BURRAH HOMESTEAD	P977012	Nov '97	5,000

The Sergeant Website had the Prefix 1551 \$5 Burra Homestead Magnetic Phonecard Prefix Listing Details showing a quantity of 5,000 of them, on the 28th February 2011, as shown below, and this can also be seen at <http://web.archive.org/web/20110228054911/http://www.sergeant.com.au/phonecards/aust/prefix16.html>.

Prefix	Value	Description	Code No	Quantity	Prefix Range	Date
1551	\$5.00	Burra Homestead, SA	P977012	5,000	155100000-155104999	1997

However, the quantity of these Prefix 1551 \$5 Burra Homestead Magnetic Phonecard was changed to a quantity of 10,000 on the Sergeant Website prior to the 4th May 2018 as shown below, and this can be seen at <http://web.archive.org/web/20180504092518/http://www.sergeant.com.au/phonecards/aust/prefix16.html>. It is believed that this change was made because the quantity “of 10,000” shown on the back of the Smart Phonecard Telstra Staff Special Edition Folders was believed to be more credible than the Glenn Bellamy Prefix Listing.

Prefix	Value	Description	Code No	Quantity	Prefix Range	Date
1551	\$5.00	Burra Homestead, SA	P977012	10,000	155100000-155109999	1997

In July 2024, the Editor provided a Probability Analysis of there being 10,000, and not 5,000, of these Phonecards, based upon having sighted 20 of these Phonecards, none of which had a Card Number above 5000. This resulted in the Probability of there being these Phonecards within the Serial Number Range of 1551 05000 to 1551 09999 of less than one (1) in a million (1,000,000). This consequently resulted in the quantity on the Sergeant Prefix 1551 Listing being changed back to 5,000, which is what it was on 28th February 2011, as is shown above for the Sergeant Website Prefix Listing in 2011.

There have been seven (7) more Prefix 1151 \$5 Burra Homestead Magnetic Phonecard sighted since July 2024, but still there has been no Phonecard sighted within the Serial Number Range of 1551 05000 to 1551 09999. Hence, the probability of there being 10,000, and not just 5,000, of these phonecards issued has now reduced to less than one (1) in a hundred million (100,000,000).

The Mapping of Prefix 1551 \$5 Burra Homestead Phonecards Sighted can be found on page 39 of this Newsletter, while the detailed Probability Analysis of there being 10,000 Prefix 1551 \$5 Burra Homestead Magnetic Phonecards issued in Packs, instead of only 5,000, is provided on page 42 of this Newsletter.

The distribution of the 27 Prefix 1551 \$5 Burra Homestead Phonecards so far sighted is as follows:

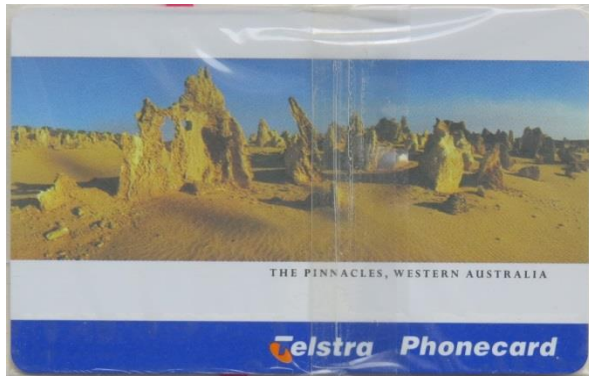

Serial Number Range	Quantity Sighted
1551 00000 to 1551 00999	7
1551 01000 to 1551 01999	6
1551 02000 to 1551 02999	5
1551 03000 to 1551 03999	8
1551 04000 to 1551 04999	1
TOTAL	27
1551 50000 to 1551 09999	0

NOTE: The result on this Probability analysis could mean either that:

- there was only 5,000 of these Packs and Prefix 1551 \$5 Burra Homestead Phonecards produced, or
- there was 10,000 of them produced, but that none of the Packs with Pack Nos. 5000 to 9999 and their Phonecards were issued, and therefore they were probably subsequently destroyed by Telstra.

INAUGURAL RELEASE OF THE TELSTRA SMART PHONECARD TELSTRA STAFF SPECIAL EDITION

To coincide with the introduction of its new Australian Payphone system, Telstra is releasing a new chip-based Smart Phonecard, which will gradually replace the existing magnetic strip Phonecard.

The new Payphone and Phonecard systems will be launched on a state by state basis, commencing with South Australia in August 1997.

Enclosed are the Smart Phonecards released for the launch of the new technology in South Australia.

Telstra staff who purchase this folder will be sent the remaining Phonecards commemorating the launch of the smartcard technology in every state and territory, as they become available, by the Telstra Phonecard Collector Service.

To complete the series, a unique magnetic strip replica of the first Smart Phonecard has been especially produced for Telstra staff, in recognition of their contribution to the company. This will be the last magnetic strip Phonecard ever released, making it a valuable collector's item. The enclosed certificate confirms the authenticity of the folder.

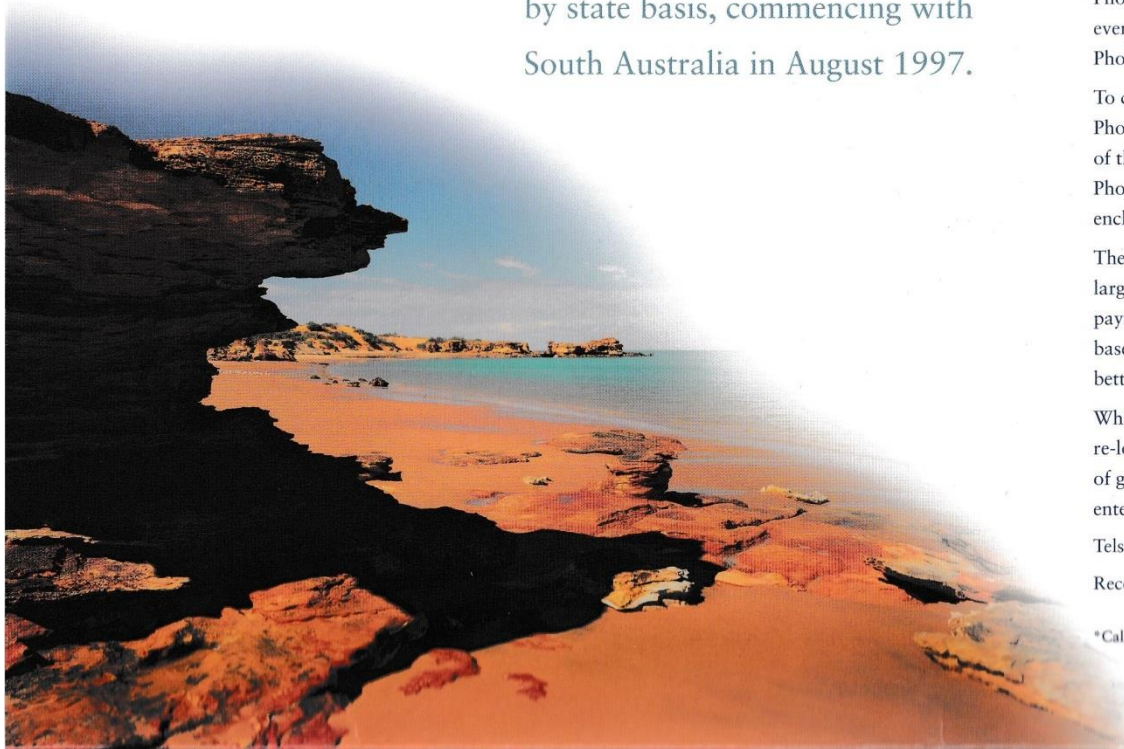

The new Payphone incorporates many enhanced features, including larger display screens with information available in several languages, payment facilities which accept all Australian coins as well as the chip-based Smart Phonecard, hearing aid couplers and volume control, and better accessibility for people in wheelchairs.

While the Smart Phonecard will initially be disposable, in time it will be re-loadable, facilitating its use as a cashless payment card for a variety of goods and services from vending machines, parking stations and entertainment facilities.

5. Probability Analysis of there being 10,000 Prefix 1551 \$5 Burra Homestead Magnetic Phonecards

Images of the 27 Sighted Burra Homestead Phonecards are provided starting on page 39 of this Newsletter.

The Probability of NOT finding a phonecard with Serial No. Greater than 1551 04999 (P), if there were 10,000 of these phonecards issued, with k of them found is:

$$P = \prod_{n=1}^k \left(\frac{5001 - n}{10001 - n} \right) = \prod_{n=1}^k P_n = P_1 * P_2 * \dots * P_{k-1} * P_k \text{ where } P_n = \frac{5001 - n}{10001 - n}$$

Where with 27 cards sighted, as shown above, (k = 27) the Probability of NOT finding a Phonecard with a S/No. Greater than or Equal to 1551 05000 is $P = 7.19293 \times 10^{-9}$ which is a 1 in 139,025,396 probability.

Summary

This very low probability indicates that either;

1. there was only 5,000 of these Packs and Prefix 1551 \$5 Burra Homestead Phonecards produced, OR
2. there were 10,000 of these Packs and Phonecards produced, but all the Packs with Pack Nos from 5001 to 10,000 and all the Prefix 1551 \$5 Burra Homestead Phonecards with Card Nos. 5001 to 10,000 in them were not issued, but were destroyed by Testra.
